# SUMMER SECRETS

Summer is filled with breaking the rules and standing apart, ignoring your head and following your heart.

The tans will fade, but the memories will last forever. So here's to all those summer nights when our feet hit the sand and the waves break our fall and all our friends around us outnumber the stars.

We traveled, we swam, we ate, we rode, we visited, we shopped, we all had fun, and we all learned something new! Summer is anticipated by all. Time to get your fun in before Fall. If our lives were a book, Summer would be the best part. Just when you thought no one was around, we took a look inside and revealed those "Summer secrets"...

"I can't describe the feeling that skating gives me, but I know it's something special. When I realized how much I had in common with other skaters, I got even more interested in it. This summer I broke my foot while skateboarding. I was going down a rail and somehow I ended up falling and landing on my foot. So I started my very first year at Peach County High School with my foot in a boot and limping on crutches."

# Fall

In the Fall of 2012, there was a commercial about a fragrance that was constantly playing. The fragrance was being described as having the smell of falling leaves. I don't know about you; but honestly, what do falling leaves even smell like? My point is, Fall is much more than falling leaves. It is the beginning of something new, a time for celebrations, and most of all, Fall is the peak of school spirit. Homecoming, Football, Cross Country, Softball, Cheerleading, Band and Clubs are all a major part of the school Fall season. Without spirit, a school is lifeless. Spirit is the pulse of it all and honestly we would not have it any other way!

*this is where it all begins...*

My favorite part of Fall is... Homecoming  
"I love all of the Homecoming activities that happen during the Fall. Spirit week, parades, and the Homecoming football games are always the greatest memories of the school year for me!"

-Malcolm Colvin

My favorite part of Fall is... Band  
"I love music. During the Fall, I'm not too busy, so I can focus my time on it. Even though I'm not still in band, I still have a soft spot for it."

-Julian Jones

My favorite part of Fall is... Football  
"I play football, and I love the rush. During the football season, everyone's school spirit is at its highest point."

-Billy Messer

My favorite part of Fall is... Cheerleading  
"As a cheerleader for football, I met a lot of people that I wouldn't have met if I were not a cheerleader. Cheering has given me the opportunity to meet new friends."

-Courtney Holsten

My favorite part of fall is... Softball  
"I enjoy playing softball, and playing it is a great way to start off the year. Because of softball, I am able to begin the year with a great team and great friends."

-Kaylee Holliday

My favorite part of Fall is... Cross Country  
"I enjoy running. I admire the people with the stamina and determination to run such a long distance."

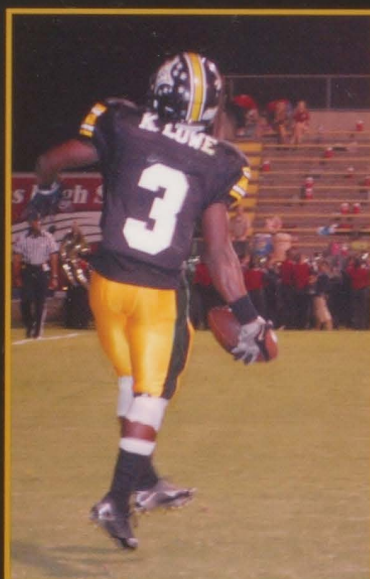

-Brittany Farmer

# A Homecoming to Remember

Homecoming is more than Kings and Queens, it's a Trojan Tradition...

"Welcome to the Darkside" was this year's Homecoming theme. From Parades, to Pep Rallies and Pep Club's Annual Bonfire our Spirit Week is filled with fun in honor of our Homecoming Football Game. Taking a Trip into Anderson Stadium is filled with darkness if you are the visitor, just ask the Central High School Chargers as they met their destiny when the Trojan football team blinded them with a 51-0 win! Homecoming provides an opportunity for every Trojan at Peach County High School to come together to celebrate as a whole. Every year Homecoming unites the past and the present years as students come "home" to celebrate with Trojans of today. Spirit Week is filled with both traditional and new themes for all to enjoy. This year's themes included "Retro" day, "Twin" day, "Rep Your Class" day, Blackout "Spirit" day and the new hit... "Senior Citizen Swap" day and (Yes, we know that citizen is spelled with a "C"). In planning you are always nervous as to whether or not your vision will come to life; however, our Trojans took it to a whole new level, one that even we could have never imagined!

TRUE TROJANS

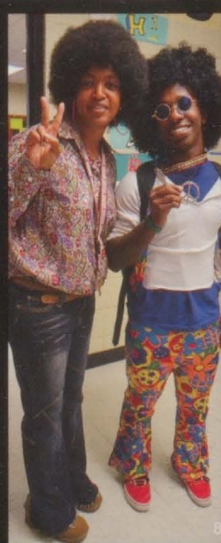

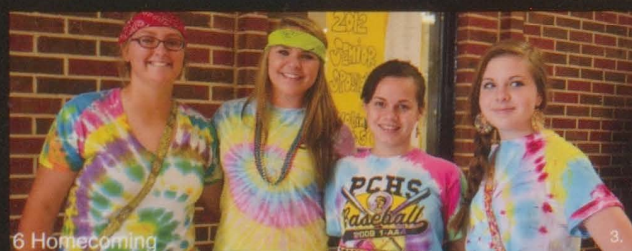

1. James Rogers and Colton Cason on Senior Citizen Swap Day 2. Jaquiera Daniels, Tiara Walker, Alexis Bennett, Alexus Gibson, and Iesha King show off their Senior spirit 3. Natalie McEver, Micaela Callaway, Chelsey Russell and Amy Thompson are in tie-dye land. 4. Katherine Sellers and Abigail Davis have "Super Spirit" to match their creative twin look.

5. Ronnie Moody and Giona McEachern show why they are the "Perfect Pair" 6. Rock and Roll with Shelby Gant!

7. Mariela Rodriguez and Jessica Estrada were separated at birth 8. Mrs. Bobbitt and Nick Searcy take us back to a time of Peace, Love and Happiness 9. Trojans show that they look good at any age. 10. Alexis McGhee and Payton Ogletree are rockin' it out!

"WE GOT SPIRIT! YES WE DO!

WE GOT SPIRIT! HOW 'BOUT YOU?"

STUDENTS WENT ALL OUT FOR HOMECOMING BUT FACULTY ALSO SHOWED THEIR TROJAN SPIRIT. MR. MACKEY AND MR. FLANDERS REPRESENT THE "MEN IN BLACK" WHILE MRS. KANE LED THE FACULTY FOR A HIP AND FUN DANCE! MRS. PARTRIDGE WAS DECKED OUT IN SENIOR "SITIZEN" GEAR AND ALL MRS. BIRDELLE JACKSON WANTS IS PE ACE! MR. MACKEY SHOWS THAT NOTHING CAN COMPARE TO THE "SWAG" OF THE ADMINISTRATIVE TEAM, WHICH INCLUDES: DR. MATHIS, MR. HESTER AND MR. FLANDERS. BELOW WE HAVE THE QUADS VS. TRIPLETS: (QUADS- MRS. CLARK, MRS. GIBBS, MRS. HATCHETT AND MRS. THOMAS). TRIPLETS- (MS. HOWARD, MR. TATE, AND MRS. BOBBITT).

*Ms. Simmons* is the ultimate keeper of the ballot totals for the Homecoming winners. In well over ten years as the Homecoming Court Sponsor, she has never revealed the winners until the announcement is made at halftime during the Homecoming football games. This year's winners were elated as they wore the crown of success as spoken by their peers. Emanuel Pitts and Carina Alcantar represented Peach County High School as the 2012-2013 Homecoming King and Queen. Trojans were equally excited as members of their court represented PCHS with pride!

6. Lucius Campbell and Emanuel Pitts take a much needed rest.
7. Center, Matt Williams waits his turn for the defense to take the field.
8. Mictavius Gibson has perfect form.

It all started on August 31, 2012, when our proud Trojans sent a message to the Perry Panthers with a win of 21 to 14. The boys went on to play Baldwin and destroyed the home of the Braves with another victory. Continuing on their journey with a 6-0 record, the Trojans had their biggest win on Homecoming night against the Central Macon Chargers with a score of 51-0. On November 2, with a record of 8-0, the Trojans took a loss against Carver-Columbus. The Mighty Trojans did not let that get them down as they took the field and gained a 38-0 victory against Southwest Macon! The Trojans were now on the way into familiar territory...the first round of the playoffs.

Jefferson County was the target of a 35 to 21 win for the Trojans. The second round pitted the Mighty Trojans against Pierce County and an easy 43-15 victory was the outcome! On November 30, our black and gold spirit shifted to North Hall in the quarterfinals. The PC Trojans came up short against the Trojans of North Hall. The season ended with an ever victorious record of 11-2. The senior Trojans were proclaimed to have **"MOST GAMES WON"** in Peach County High School history with a record of 52-5 and one championship. Not only did our Trojans take plenty of wins this season, but Coach Campbell was titled as the **"WINNINGEST COACH"** in Peach County history. Congratulations to the Mighty Trojans and the football coaching staff!

## TROJANS LOOKING TO THE FUTURE...

### THE SEASON AT A GLANCE...

The Junior Varsity football team worked hard and were dedicated to the 2012-2013 season. These young men attempted to dominate each time they stepped on the field. Sometimes they fell short of their goal, but their approach was always something to be proud of. You could always see the love of the game painted on their faces. Teamwork comes naturally to these hardworking young men. The past is behind them as they look forward to one day hitting the field with the almighty Varsity Trojans!

The Head Coaches of the Peach County High School Junior Varsity football team are Coach Sherwin Lyons (L) and Coach Craig Johnson (R).

Managers: Saturn Aikens and Tamarion Williams

## MEN OF TOMORROW!

The Junior Varsity Trojan football team consists of some of the most dedicated football players you will ever come across. They are determined to terminate the opposing teams on a weekly basis. Every Thursday evening these boys abandon all doubt of losing, and adopt a new attitude of power and strength. With their Trojan pride and great ambition, these boys are on the right track to become not only star football players, but great leaders. Sometimes people think of football as just another game, but on the contrary; this beloved sport is building up the men of tomorrow.

Proud Trojan, Brandon Banks stands as a symbol of that tough, ready to go spirit of the whole team.

Sideline silliness is captured in a fun loving photo. Laughter allows them to enjoy the game.

24 Cross Country

Our strong and determined cross country girls have placed running on their list of favorite activities! Daily, they spend hour upon hour stretching, sprinting, and gaining muscle simply due to their love for the sport.

Our cross country boys have shown their exceptional drive by dedicating their time and passion to the sport. Every day, our boys train themselves to improve their endurance, strength, and skill.

Claire Story is an outstanding runner. She puts all of her heart and soul into being the best that she can be!

After a long, healthy run, the girls catch their breath and relax by the water station.

These hard working gals are running machines! They sport their Trojan uniform with pride.

# Honestly, Real Athletes Run Others Just Play Games

## Cross Country

**A** Katrina Rouse<sup>1</sup> Tells it all... Although Cross Country may not be the most popular sport at Peach County, it is by far one of the most difficult I have ever participated in! The principles of this sport are the punishments of every other combined. Every Cross Country runner needs mental strength. When you hear that gun shot, it is, "Every woman or man for yourself!" as Coach Turner says. We all work together as a team, pushing each other to run a better time and look on the bright side of things. The more you run and the higher you place, the more college coaches will try to get in contact with you! Every Cross Country season, I hear at least one person complain saying, "Man, it's hot!", "I can't do it!", or, "I'm too tired!". The less that you think about it, the better you become. This cross country season has been fun and exciting for me. We made history by placing second in the region meet for the first time. I was glad to see that we managed to make Coach Cherry and Coach Turner proud and we proved to everybody else that we could do it!

"Ego Literary Magazine started in 2009 in the Ninth Grade Academy. Students commented that their good work was never noticed or commended by the community. So, we told them--show your work and get the commendation you deserve! Mr. Hancock and I became the sponsors and slowly but surely, EGO has become the eyes for aesthetic talent in our school. This magazine is now school wide and has gained the support of numerous businesses in the community, especially Fox Valley Printing and On the Mark. We are self-funded and work together in fundraisers that raise the money for this publication. The end result is a professional and unique compilation of our very own writers, poets, and artists. Our staff has grown both in talent and in comradery, and we are proud of the work we do."

# EVERYONE HAS A SECRET...

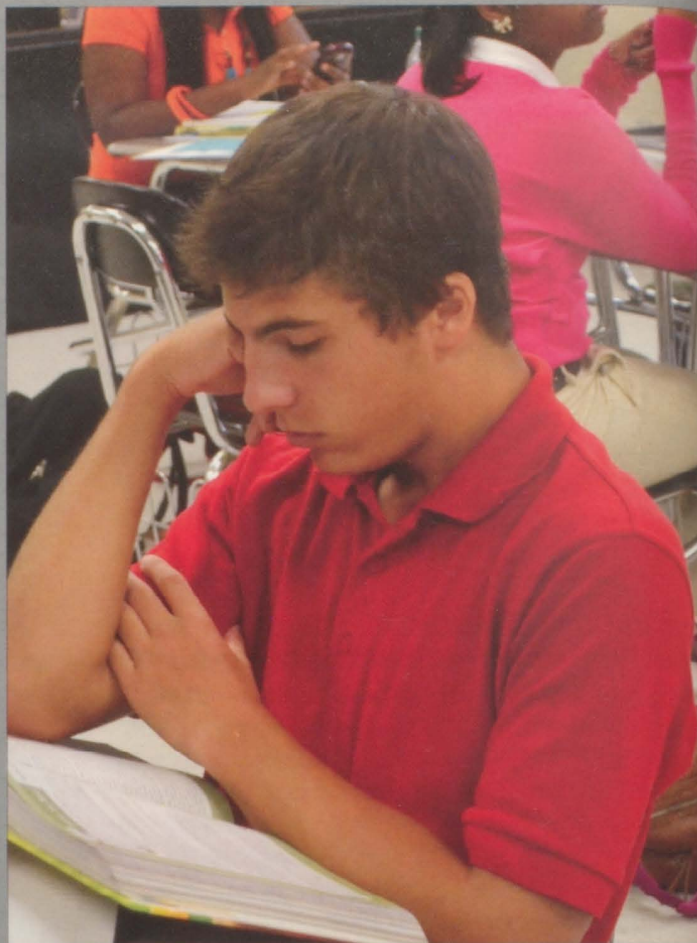

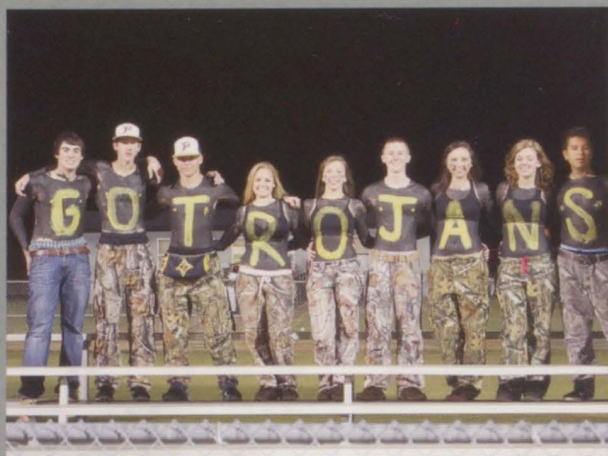

BEING PERFECT ISN'T A PART OF REALITY

It's no secret that Mrs. Martin and Mr. Hancock know how to get the crowd rowdy during the pep rally.

Here at Peach County High School, you may think that it is all about the award winning football team or the superior ranking band. It is true that our school is known for these things, but honestly, none of these extra-curricular activities would be here if it was not for the people. Personnel at Peach County are very exciting and makes up the biggest, most important part of the school. Often, we see student and faculty bonds that grow over the years that cannot be broken. Also there are students who stick together all the time, and then there are those who are not afraid to venture out of their comfort zone and meet new people. Friendliness is a quality that runs through the veins of this school, as well as generosity, aptitude, and intelligence. Everyone is different, but no matter how many cliques and different personalities there are, we are still one big family.

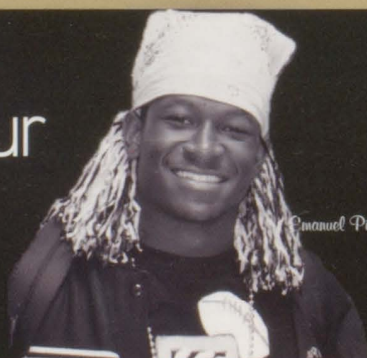

Fernando Artiach-Tarascon knows how to stay on Mrs. Bobbitt's good side, by studying!

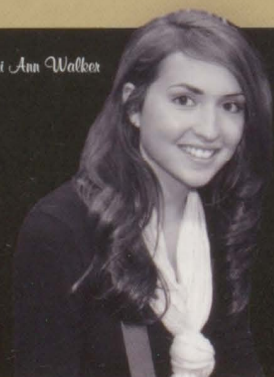

Mercedes Jackson, Daniella McGhee, Dominique Johnson, Michaela Hicks, and Jaylan Pressley sit and enjoy the pep rally.

# HONESTLY... with Junior, Gerkevia' Freeman

To many people, high school is a boring place where you sit in class all day and learn. For Gerkevia' however, it is a place where she can express herself. She has been playing the clarinet for six years and is very gifted at it. "...Music is my passion, ever since I started, I have loved it." One of her accomplishments include making 8th chair out of around 21 chairs in district band. That is incredible! Also, Gerkevia' is a section Leader in the Peach County High School Marching Trojan band. She is a dedicated leader and a good person. Every day after lunch, her and three other students push in all of the chairs in the lunch room without being asked or expecting anything out of it. That shows how good hearted she is. Not only does she have a kind heart, but she has a pretty face and a smart mind. She is in the STEM Academy and it is not a challenge for her. Math is one of her best subjects and she has an "A" in all of her classes. Gerkevia' is a model student and is going to get far in life.

In high school you think, "I am grown!", or "I can't wait to get out of here!", but in all honesty, age is just a number. No matter how old you are, from 6 years young, to 65 years old, you will always have a secret.

I wonder what is going through his head.

# People

*the heartbeat of it all...*

People are the pulse of any operation and it is no different within the walls of Peach County High School. The year began with many changes. The return of the Trojan Academy for Freshmen created a whole new atmosphere on the main campus. One might think that Freshmen are intimidated by the upperclassmen. NOT! Who would've thought the Freshmen this year would be so outgoing? Especially within the confines of their own domain. The upperclassmen were the role models for all to follow and we look forward to the day when our Freshmen become Sophomores, our Sophomores become Juniors, and our Juniors journey into the world of a Senior. Teachers and Administration are aware of this evolution of the students and students anticipate the moment when it all begins.

*this is where it comes together...*

Secret from the Trojan Academy...  
"I'm terrified of rats."  
-Breana Bennett

Secret from the Sophomores...  
"Being a sophomore has its advantages and disadvantages. The downside is you still have two whole years until you graduate."  
-Ajah Parks

Secret from the Juniors...  
"Most people think I'm a senior!"  
-Jessica Mantooth

Secret from the Seniors...  
"As a senior, I think you should be a teacher's pet."  
-Keshun Cooper

Secret from the Trojan Academy Faculty...  
"I love teaching freshmen at the Trojan Academy, but I can definitely tell the difference between the freshmen and upperclassmen."  
- Mrs. Adams

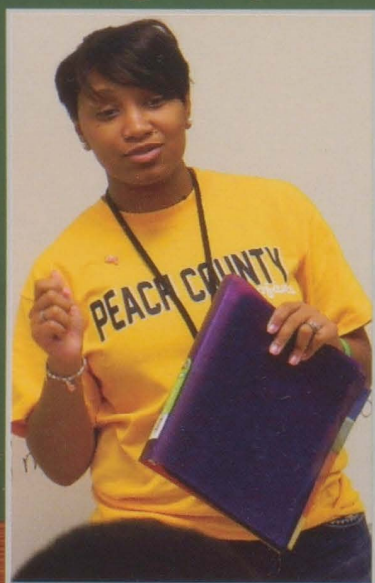

Secret from the Faculty...  
"I still visit Disney World at least twice a year, and I love Mickey Mouse."

## Teachers dance too!

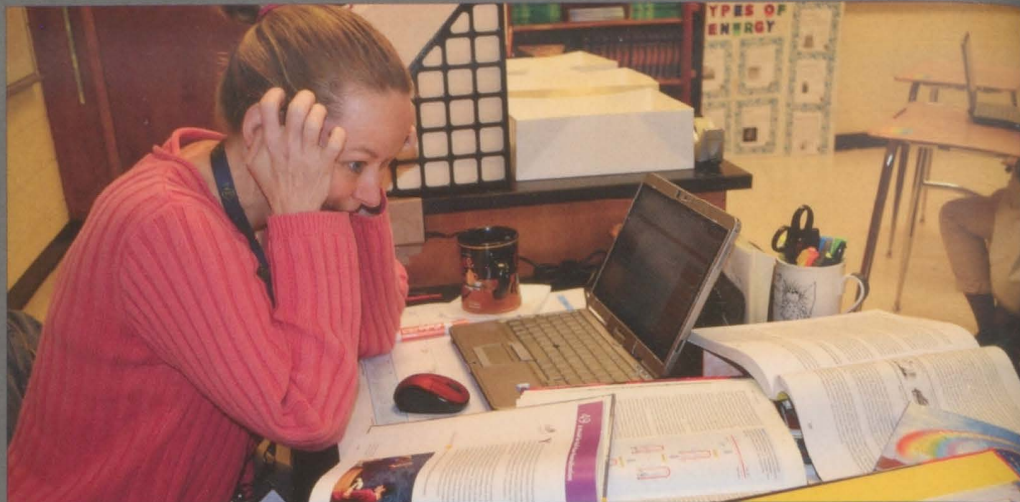

So you think you can dance? Mr. Hester and Mrs. Faccento get jiggy with it even more than students do sometimes!

## Teachers are fashionable too!

(Above): Whether you're a student or a teacher, you've got to admit Mrs. Howard is a real "Fashionista"!

## Teachers have homework too!

(Above): Think you have a lot school work after hours? Mrs. Powell spends millenniums stressing over the piles of homework that she gathers each day. Fact: "The more work we give, the more work we have!"

*"We can do what you do...only better!"*

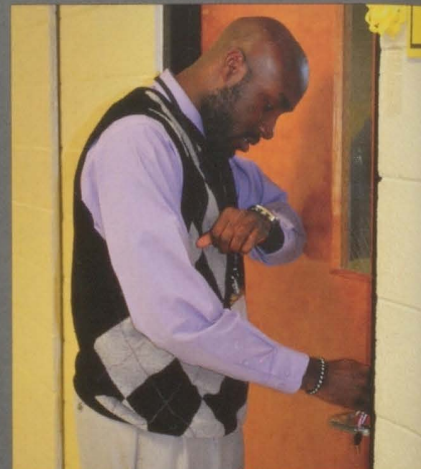

## Teachers hang out too!

(Above): Mrs. Smith and Mrs. Jaimes just love hanging out with one another. Don't let teachers fool you. They have lives outside of school! (Below): Ever catch yourself making sure you look fabulous? Mrs. Turner is no different! She makes sure she is "Cover Girl" ready before her day begins!

## Teachers are late too!

(Above): Teachers never fail to comment when a student is tardy to class. Running late, Mr. Tate? Hmmnnnn (Below): You can't get cooler than Mr. Smith! Teacher "Swag"!

## Teachers take time for beauty too!

## Teachers are cool too!

## Students react:

"They cannot be serious?"

Sean Spears

"Come on Man!"

Alex Dickey

"Why?"

Greg Williams

"Ya'll trippin'!"

Shatevia Hall

"Ya'll jokin' right?"

Jessicka Richardson

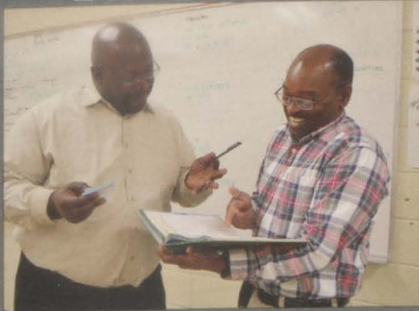

"What's up with that?"

Jacarus Leary

## Teachers are "Best Buds" too!

(Above): A lot of teachers become BFF's too! Mr. Burley and Mr. Cornelious are two of a kind. (Below): Ever get side tracked by cell phones? Best Buds, Mrs. Martin and Mrs. Collins are in the same boat, sad part is they're most likely texting each other!

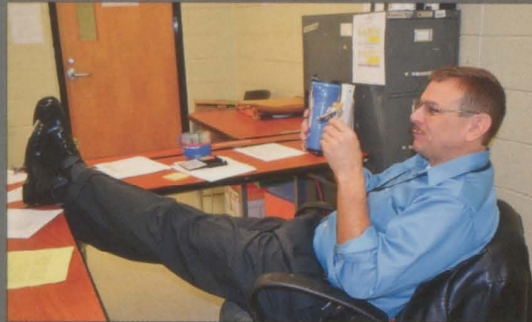

## Teachers text too!

## Teachers break the "E-Zone" too!

(Above): Teens may think that music is made for only their enjoyment, but it seems like Coach Young has the ultimate play list! (Below): Mr. Lasseter shows that he can appreciate the sweeter side of life as he goes for a sugar rush!!

## Teachers eat junk food too!

## Teachers are athletic too!

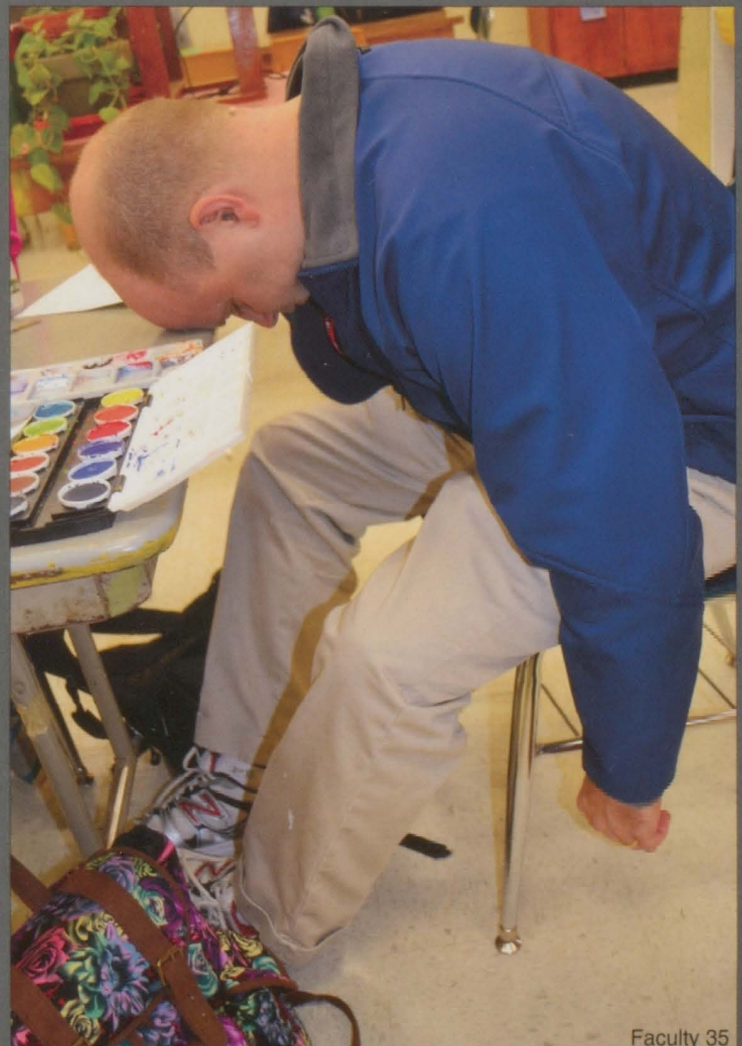

You don't need to be a teenager to rock the world of sports. Coach Ray proves, "He's got game!"

# We have Secrets too you know...

Our faculty is one of the best in the state. Teaching students academics and life lessons. Students are a top priority for each and every teacher at Peach County High School, but once in a while the shoe ends up on the other foot. That's right, teachers have lives too! Many teenagers believe they know everything about their teachers, bottom line is "Teachers are LAME!" as students so often put it. However, teachers are just grown up students and their secrets will reveal the facts as we see them!

## Teachers fall asleep too!

(Right): Do you get sleepy during the school day? Mr. Respass is caught catching some zzz's in Art class (Not! We should have put him with drama, he was a real actor for the cameras!); although, students aren't the only ones who need power naps!

"Can't be!"

Saturn Aikens

"I think it's kinda cute!"

Ashley Martinez

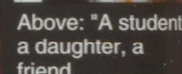

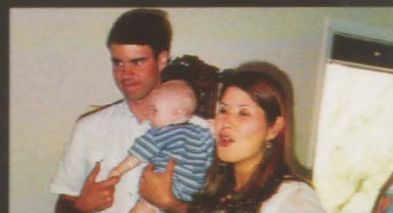

"No comment!"

Nakia Jones

# *PCHS Teacher of the Year* *Mrs. Amanda Cliett*

Above: Left My beautiful "tom boy".  
 Above Right: Kaylyn Edwards "I love my seniors!"

Mrs. Cliett first realized that she wanted to teach while attending Georgia College and State University. In 1996 she received her bachelor's degree in Social Science, then in 1998 she received her master's degree in Counseling with a teacher certification. "My students, I love them, I love getting to know them. I love their personalities. I love introducing them to new concepts. They are my inspiration." The 14-year teaching veteran is a loving wife and mother of two (Andrew, 7, and Madelyn, 8). In addition to teaching she is an advisor for the Pep Club, Future Problem Solvers and Prom Committee.

(Above Left): Her smile, her laugh and her hugs keep me happy all day long.  
 Above Right: Got to love me some Shannon.

# PCHS Rookie Teacher of the Year

## Ms. Christie Howard

*Ms. Howard never thought that she would be walking down the halls of PCHS as a teacher. The PCHS graduate speaks on her profession, "I love interacting with students. All of my students are special in their own way, and each one brings something new to the table. I am inspired by watching my students grow and develop." Ms. Howard has degrees in English, Management/Human Resources, a Master of Arts in teaching, and also has an Educational Specialist degree. She has been teaching for 2 years, and enjoys every minute of it. She describes her experience at Peach County High as both interesting and rewarding. Ms. Howard connects with students in ways some teachers cannot, and when it comes to this profession, that makes all the difference in the world!*

# TROJAN NINTH GRADE ACADEMY

The Trojan Academy is our newest addition to the Peach County School System family. This year was the grand re-opening of this academy. Peach County previously offered the Trojan Academy in 2009. Ninth graders had their own wing on the main campus. Now with their very own building, the program has proved successful for both students and teachers. The Trojan Academy offers a bridge for upcoming freshmen to transition into a high school environment successfully. Under the leadership of Mr. Rodney Hester, parents, community members and of course our newest Trojans are excited for all to come!

# You're Only a Freshman Once

Trojan Academy is our newest addition to the Peach County School System family. This learning environment offers a bridge for upcoming freshmen to transition into a traditional high school setting successfully. With Trojan Academy, Peach County High prepares students for excellence as early as possible. Although they are in a different environment, the Trojan Spirit lives within them. The Trojan Academy brings a little new spirit to mix in with the old.

## Memories That Last a Lifetime

The year was the time for the Class of 2013 to shine. Seniors have unlimited opportunities, make memories that last a lifetime, and are minutes away from true adulthood. For many, it is a moment they have been dreaming of their entire life; to walk across that stage and obtain the diploma they have worked thirteen years for. For others, this moment can be frightening. They are afraid of the real world and making mistakes. In high school, if you fail a test, you can take it over; however, that is not the case in the reality. There is no need to fret nevertheless, for when you finally walk across the stage and look out into the crowd, with everyone looking at YOU, it is a moment you will never forget. With graduation on the horizon, our seniors cherish their last moments at PCHS, knowing they will forever remain in our hearts.

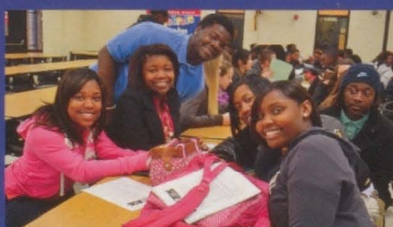

Chrystal Davis

Carlicia Jones takes the serious approach, while Meghan Jackson puts on her mean mug.

Left: James McCleod and Phillip Mann get photo bombed by Joshua Jones. Middle: Chelsea Walton, Alex Fluellen, AJ Zanders, Nakia Jones, Dakavion Washington and JaKeria Daniel create memories for a lifetime. Right: Leanna Collins and Obert Standridge take a moment to snap a photo.

Matthew Scott works hard for his very last year of high school.

"Don't let the fear of striking out hold you back."

"Be faithful to that which exists in yourself."

"Believe you can and you are halfway there."

"It is during our darkest moments that we must focus to see the light."

"It is hard to fail but it is worse never to have tried to succeed."

"When you can't change the direction of the wind, adjust your sails."

# Superlatives look ahead...

Our success is definitely not a secret!

## Joshua Jones

I plan on going to Georgia Southern University and graduating with a Mechanical Engineering degree.

## Briana Warner

I plan to attend The University of Georgia and major in Linguistics and minor in Psychology.

## Keona Livatt

I've been accepted to Valdosta State University. I plan on majoring in nursing and minoring in Speech Pathology.

## Hannah Garza

I've been accepted to Wesleyan College and plan on majoring in Pre-Law and Political Science.

## Jonathan Combs

I plan on attending Georgia Southern University and achieving my B.S. in Electrical Engineering.

## Alexis McChée

I would like to attend the University of Georgia to major in Anthropology and minor in Photography.

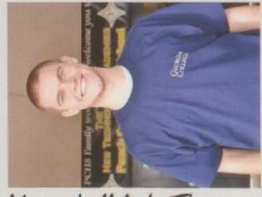

## Martin Martinez

Unlike many seniors, I will not be attending college directly after I graduate. I plan on working at my current job, *Ashland Kennels*, and pursue a career later in life.

## Hailee Thibodeaux

I plan on attending Louisiana State University. I would like to major in Nursing. One day I would like to be a labor and delivery nurse. I chose LSU because my family is from Louisiana and I have always been a huge LSU fan.

## Kendall McTier

I will be attending Georgia College and State University. I chose GCSU because of its location and because my brother and cousins also attend GCSU. I am currently undecided on a major, but I am considering majoring in Criminal Justice or History.

## Cecilia Zavala

I would like to attend The University of Georgia. I plan to major in Exercise as well as Sports Science or Psychology. I chose The University of Georgia because it is a good school with a good history. It has always been my dream to attend UGA.

## Allyson Dawson

I would like to attend Mercer University. I chose Mercer because my sister attended this school and it feels like home there. I would like to major in Journalism and become a virtual newspaper journalist.

Above: Lucius Campbell, as he proudly represents Clark Atlanta University.

*"I'll miss all the memories and laughs here at PCHS, especially the ones from Friday nights."*

*-Lucius Campbell*

I have been accepted to Clark Atlanta University. I plan to major in Computer Engineering because I work very well with technology and computers. The main reason I chose CAU is because of the amazing school atmosphere and the expectation of every student's academic success. CAU is a school that reflects my goals and morals and isn't far from home. Before CAU, I was considering Savannah State University. I loved the idea of being on the coast, but, as I gave it some thought, Clark Atlanta was the better choice. In the next ten years, I see myself starting my career as an officer in the United States Navy. I plan to travel the world one day!

# 2013 Senior Superlatives

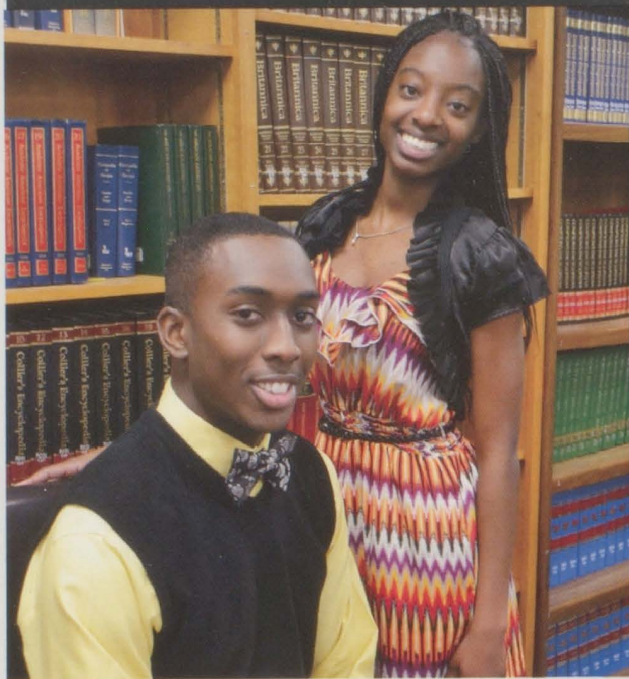

We PLAY hard, we just WORK harder!

When you think of Senior Superlatives, who do you think of? Don't think too long! The answer may be closer than it appears! These students have gone above and beyond inside of the classroom and out! These are the students who have solid academics, outstanding leadership skills, and display model student behavior at all times or at least MOST of the time! Once in a while they are allowed to "let loose" and play. The only thing that sets them apart is that "Although, they PLAY HARD...they WORK HARDER"! Success is within the grasp of everyone who seeks it; however, these twenty-four students have the secret to obtaining success at an early age. We are proud to introduce the 2013 Peach County High School Senior Class Superlatives...

Graduation time is here  
And we know that you're glad.  
As your parents, we are proud of you  
But in a way, we're kind of sad.

Where have the years gone?  
Has it really been that long?  
Eighteen years of work and worry,  
Trying to teach you right from wrong.

Always do the right thing  
And remember where you come from.  
We love you very much  
And are proud of the man you've become.

Love Always,  
Mom and Dad

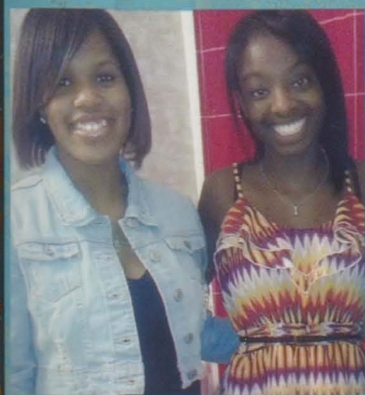

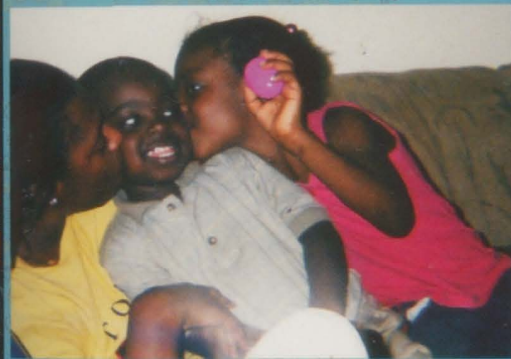

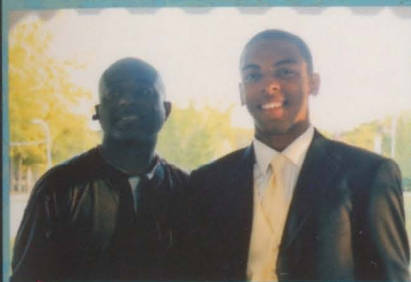

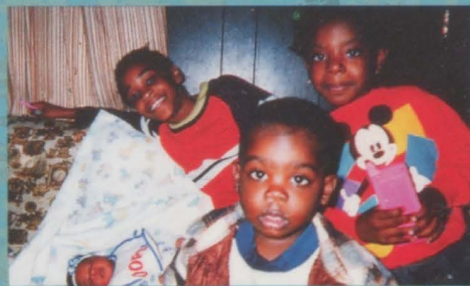

# Keona Alexis Livatt

*We are so proud of your aspirations and achievements. You are an inspiration to us because you work so hard at whatever you set your mind to. We love you Keona, and we know that you will excel at all of your future endeavors.*

*Love

# Thomas Robert Harbin, Jr.

My sunset is my hello, for I never favored goodbyes. Whenever you're feeling low, simply look to the sky. Hear my whisper in the wind, feel my touch in the rain. You no longer should pretend or feel further pain. I'm free as a bird now, my wings white and pure. I will stay true to my vows, of this be sure. Like a rose, I will heal you. Day by day, night by night. With a gentle caress, I'll turn your darkness into light. Talk to me, I'll listen as the sun makes the water glisten and think of me as a setting sun that will soon rise again.

In Loving Memory of  
July 13, 1995 - December 1, 2017

Your laughter was bubbles  
Eyes twinkled with light  
You were special to many and so very bright  
We wish you could have seen that  
Past your thick wall of night  
Goodnight, our sweet love  
We hold you so dear,  
May you fly with the angels  
In the heavens so clear.  
-Barbara Hill

# Honestly...We kinda like it here!

## ...And You Can't Make Us Leave!!!

My best memory of high school is the food fights we had every year starting in ninth grade during first lunch.

I remember when we didn't have school on Mondays. Not having school on Mondays was the best!

## The Reasons You Want to Stay!!!

# I Remember When...

# class of 2013

# Star Student...Karen Barragan

To be chosen as Star Student, you must have the highest score on the SAT in your graduating class. Karen Barragan aced the test with a score of 1780. Karen is a member of the Varsity tennis team, Key Club, National Honors Society, and participates in dual enrollment and Macon State College. Her favorite subjects are English and math. Karen says "I listen to music and study for at least 30 minutes every day. I also attended SAT workshops and studied online. Preparation is key!" When it comes to a test, Karen's advice is to not be nervous; just relax and think about the questions and all of the things you have learned. "To all upcoming seniors, I would just say always put school first but still have fun," she says. After high school, Karen plans to attend college and major in Biomedical Engineering.

Mrs. Bethany Copeland has been a History teacher for 6 years. Her favorite part about being a teacher is the fulfillment of knowing you are someone's role model, and the contribution she makes to society. To be selected as Star teacher is very affirming to her, and makes it easier to put up with some of the silliness that teachers have to deal with. Mrs. Copeland says "I tried to give all of my students interesting things to do, and I set high standards for everyone." Her advice to students taking the SAT is to read every question and answer, and to stay awake! Mrs. Copeland sees Karen going anywhere she wants, and accomplishing all of her goals. "Karen is such a hard worker that I know she will achieve anything she sets her mind to!"

-Robert Frost

Everyone knows that adjusting to new surroundings is a troubling task to deal with. However, five of our new students have overcome the most challenging task of transferring, not only to just a new school, but a whole new country! Could you leave behind everything you have for a completely new life? These brave students have overcome the fear of change. They have been welcomed and began new experiences here at Peach County High.

and the season is...

Winter

Chris Gibson, Senior

Yearbook does a lot for the school. Without the staff, a lot of things would not be available to us. The yearbook students I know are very cool, and hopefully I will become a part of the staff one day.

-Lucouis Hodges

My favorite part of winter is... Soccer  
I love the winter season because it feels so good to run at soccer practice in the chilly weather.

-Enrique Valencia

My favorite part of winter is... Basketball  
Basketball is very fast paced and high energy, just like me!

-Mrs. Chandra Thomas

My favorite part of winter is... being chosen for Student Ambassadors and being able to help people. I love the opportunity to be a voice for my peers.

-Keona Livatt

My favorite part of winter is... Advanced Placement comes closer to the end of the road. Whew!

-Ayanna Gibson

My favorite part of winter is... the Multi-Cultural Program  
The program teaches me about different cultures and customs of other people and it's very entertaining.

-Jesus Cedillo

My favorite part of winter is... STEM field trips and of course the academic challenge...Exciting!

Winter has come and the year has faded  
All the memories, experiences, and friends we've created  
Have brought us joy, laughter, hardship, and pain  
And though there are challenges that yet still remain  
Our past makes us stronger so that we may endure  
The struggles we shall face causing us to mature  
In each and every pathway that our future may hold  
Giving us the faith to be courageous and bold  
So let this new year be a new beginning  
For the past mistakes have had their ending  
The winter breeze will blow away  
The tears that were shed in our yesterday.

# This Is How We Do It...

From the clothes they wear to the swagger when they walk and talk, Peach County students have a style of their own. They do not follow trends, they set them. It is a familiarity that reigns supreme in the atmosphere. Trojans are unique, diverse and current. "We do not keep up with the times, it keeps up with us! We are Trojans! We'll lead, you follow!"

Caitlyn Hicks is not sure why she's on this page? You've got style, Caitlyn! ...Style!

Lucius Campbell in the all black with the outspoken red tie!

## PCHS Style!

Hailee Thibodeaux and Nohemi Lopez sport the cross body purses, while Mr. Lassetter is in the eye-catching button down dress shirt!

Hope and Faith Sanders show that they can be cute, classy and artistic all at the same time!

No one can rock a bow-tie better than Mr. Style himself....

Dametri McKibben!

## Our Way!

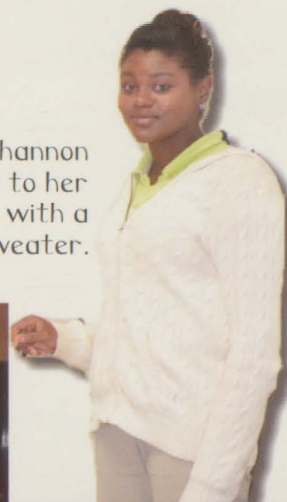

Celicia Stephens says the PC Letterman's jacket is the only way to go!

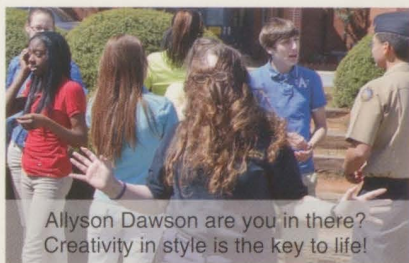

Who says style can't translate into the classroom? Hardwork is a lifestyle!

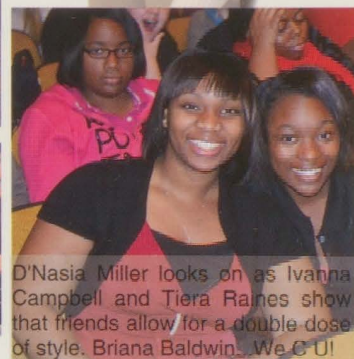

Valescia Shannon adds style to her polo with a sporty sweater.

Thumbs up from Luke Ross, he looks like one happy camper. He does Ralph Lauren's Polo proud!

Allyson Dawson are you in there? Creativity in style is the key to life!

D'Nasia Miller looks on as Ivanna Campbell and Tiera Raines show that friends allow for a double dose of style. Briana Baldwin... We C U!

Savanna Hurst says, "As long as I have my smile, I look good in any color!" (Below) Deja Prater, China Wright and Autumn Avant show that when it comes to hair, they have style!!! (R) Keith Gregory add his own "swag" to his uniform for true style.

*The STEM Academy (Science, Technology, Engineering and Math) challenges students with an intense focus of study in these specific areas. Students take their minds on a journey to places they could have only imagined!*

Science, Technology, Engineering, and Mathematics, that's what we do here. We had to apply to and be accepted into the STEM Academy. We are a diverse group intellectually advanced students. We work very hard, and our dedication never goes unacknowledged. After each report card, students who have made A honor roll, A+ honor roll, or have perfect attendance receive rewards for working so hard in school. Also, we take many field trips that are offered to STEM Academy students. All of this would not be possible without Dr. Anita Mathis, our Deputy Principal. She is truly the backbone of STEM. Dr. Mathis works diligently to offer STEM students opportunities that will benefit them now and in the future. We make up a STEM family, and to be a part of it, hard work and a desire to learn are needed. We do many things together, and as an academy, we continue to get closer to each other every day of the school year.

## Advanced Placement Courses

Advanced Placement courses focus on enhancing a student's analytical and critical thinking skills. These are college-level courses that have rigorous expectations for students. There is a suggested study time of a minimum of two hours per day. The focus is not merely on memorizing facts and figures in AP classes. Students engage in intense discussions, collaborative problem solving and advanced writing practice. Sounds tough? Not a problem for these kids. They will acquire the skills and habits necessary for success at the collegiate level. If they can do it, SO CAN YOU!

## Honestly... From the Team

**Chelsey Leary-** Although we sometimes have a little conflict, at the end of the day we pull it together, and we still have love for each other. We always mean well!

**Josie Green-Smith-** I think the basketball teams should get more recognition. We work very hard, and we want to have pep rallies like some other sports do.

Without defense how can you expect to win? Defense is very important, and sometimes it can win a game for you. Pressure your opponent! Make them feel as if they have no place to go. Amber Tucker (above) is showing great defensive skills. She is at the top of her game, and efforts like hers helped win this game against Perry. Great job, and keep up the good work!

Sometimes as basketball players we feel as if our sport doesn't get enough recognition. This year it was different. Overall, the season was great. We defeated teams that were extremely challenging in the past and we made a great name for the PCHS girl's basketball team. We created a family within the team, with a great system of support. Memories were made that no one will forget. Honestly... this season was just great. We gave our best, and as a team we know that nothing more can be asked of us.

Zacorey Hart... are you ready for this freethrow?

Ronnie Moody and Christopher Gibson are waiting patiently for some type of action to come their way.

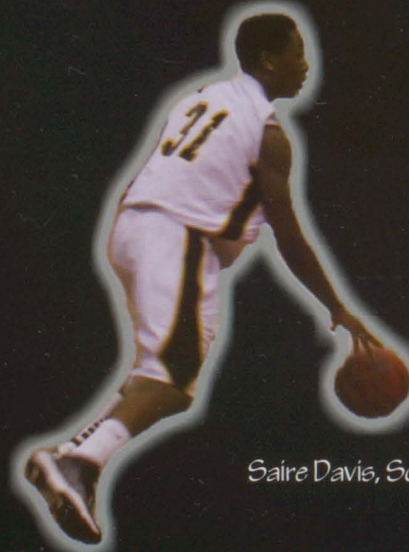

**Honestly...**

**From the Team**

Michael Jackson- We have good players on the team and a lot of talent, but I still think there is a lot of room for improvement... We just have to make it happen as a team.

Tical Hicks- I truly feel like we could have done better this season. It's not that we don't have the skills and talent on the team, because we do. Maybe we just weren't prepared enough.

Saire Davis, Sophomore

Zacorey Hart is showing this opponent that he isn't going to panic under pressure. No threat is detected.

A quick break during a freethrow never hurts, right? Well, at least that's what Saire Davis thinks.

Decisions, decisions. Darrel White looks as if he has a few of them to make. Daniel Clark does, too.

Ronnie Moody cannot be caught, he "drives to the hole" taking his opponents with him. They better get used to being behind the Trojans!

WHOO! Get Excited! Communicate! Laziness and people who don't communicate aren't allowed on the court. Dedication and willingness to participate are needed qualities. A little bit of athleticism wouldn't hurt either... Avery Mitchell isn't afraid to show how dedicated to the team he is.

A team, a family, a force to be reckoned with... that's what we are. We should be taken seriously. Our team is unlike any other. We don't always win... but who does? No team is perfect, and ours is no exception, but we do work extremely hard. We may joke around sometimes, but as soon as our feet touch the court it's serious business. We are here to protect our territory... our home. The only things we know are practice and improvement. Maybe we could have done better, but we can't change that now. All we can do is practice and work hard for next year.

# Hard Work Pays Off

## SENIOR TROJANS & LADY TROJANS

Our last year, last season, and last chance. As basketball players, we struggle for recognition. We dedicate ourselves completely to this sport. Some of us have spent our entire high school career playing, and now we are going to be recognized. We now have our moment for everyone to get to know us! This is our moment!!!

### Josie Green-Smith

Josie has played basketball here for four years. Her favorite part about playing basketball is coming together as a team. Josie feels that as a senior playing basketball, it is more competitive than in any other year. In her opinion, conditioning is the toughest part of playing here at Peach County.

### Tekeyah Everett

Tekeyah has been playing basketball for all four years of high school. Her favorite part of basketball is the team, and the family atmosphere they have. As a senior playing basketball, Tekeyah feels that this year is more competitive and serious. For Tekeyah, the most challenging part of playing basketball here is not having enough support and school spirit.

### Christopher Gibson

Christopher has been playing basketball here for two years. His favorite part of playing basketball is showing his skills to fans and peers. As a senior playing basketball, he feels that there is a lot more pressure and everyone is watching you. The hardest part of playing basketball is meeting Coach Wray's expectations, so you can become the best!

### Reginald Bryant

Reginald has dedicated all four years of his high school career to basketball. His favorite part of the game is offense. As a senior playing basketball, Reginald feels that there is a lot more responsibility. The most difficult part is knowing Coach Wray demands a lot so that we can be successful!

### Dorian Johnson

Dorian has been a PCHS basketball player for the past four years of his high school career. His favorite part of basketball is going to away games and beating opponents in their own house. The most challenging part of basketball is all of the running we have to do to prepare for game time.

### Anthony Martin

Anthony has been playing basketball here for four years. His favorite part about the sport is the amount of competition it provides. Anthony has noticed that as a senior you are expected to demonstrate a lot of leadership skills. In his opinion, the hardest thing about playing basketball is trying to gain respect for our program.

### Ronnie Moody

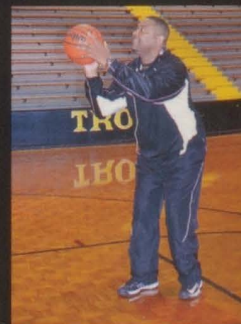

Ronnie has spent all four of his high school years on the basketball team. His favorite part of playing basketball is "the game." As a senior player, Ronnie feels that the coach expects more from his senior players than anyone else on the team. The hardest part about playing basketball here for Ronnie is the pressure to achieve from Coach Wray.

Karina Corona is working hard to get the ball back from her Perry opponent.

It is important to work together to get ahead and STAY ahead!!!!

Shannon Coates has been playing soccer since she was in the second grade. Her favorite part of playing soccer is the adrenaline rush she gets from it and receiving the ball. Shannon believes that everything in soccer revolves around working as a team, so teamwork is a very important aspect of soccer.

A much needed breather in between all the hard work!

Pressure? No such thing. When you work as a team there is always someone waiting to help you if you cannot pull through.

The girls are working very hard as a team for their common goal: Victory!

## Teamwork

Gets Us Through the Game

Soccer takes a lot of hard work. We practice and play hard, and we never settle for less than our best. Skills, stamina, courage, athleticism, teamwork, dedication, and communication are all very important. Our team is a family, and we are always there for each other through the good times and the bad. Whether winning games or losing them, getting injured, having a great day, or just not feeling well, I can honestly say my team is there for me. We are very close to each other, and with every practice and each game our bonds are growing stronger.

# We aim high and we reach goals!

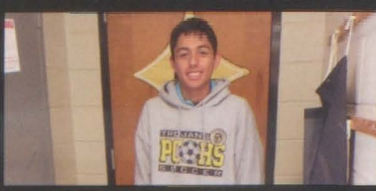

Through the good times and the muddy ones, we are a team. We work hard and play hard together. Team work is a very important part of soccer. We depend on each other to support and give help when needed. Nothing compares to our team and what we can do when we work together. We get a little dirty sometimes, but the feeling we get after a hard-earned victory is always worth it.

Ivan Rodriguez is handling the ball like a pro!

A few of the team members are congratulating Luis Medina for a job well done.

Luis Medina has been playing soccer since he could walk. His favorite part of soccer is the challenge of playing good teams and scoring goals. Luis feels that soccer is the most team-oriented sport there is, and says that soccer players have to communicate, pass the ball and be very dedicated to the sport.

Since teamwork is very important, passing the ball is vital in soccer. There is no such thing as a "one-man team".

# Bridges to Cultural Inclusion Program

Students, faculty, and staff came together celebrating the many cultures at PCHS. The program was celebrated through song, dance, poetry, acting, and this year, sign language. People from the community came out and watched, making the program a success. PCHS' diversity gives an opportunity for the school and the community to immerse themselves in various cultures. Our annual program presents the endless amount of ethnicities and backgrounds in many different ways.

1. Fort Valley Middle School's Golden Highlights performed a dance number to a mix of upbeat songs.

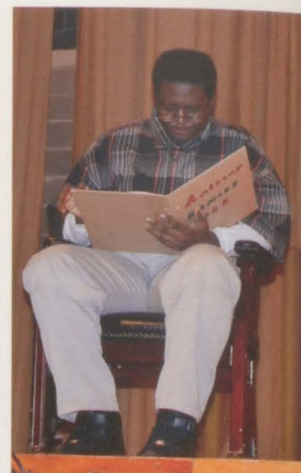

2. After performing, Keona Livatt and Caitlyn Hicks stop to pose for a quick photo.

3. Lucius Campbell is reciting poetry of a very serious manner, and is doing a great job at it.

4) Mrs. Martin and Mr. Hancock are having a moment of fun during their performance of a song in sign language.

Luis Medina, Cecilia Aguilar, Dametri McKibben, Karina Corona, Emanuel Pitts, Carina Alcantar, Christopher Hill, and Goretti Rivera were all part of a group that danced to a variety of musical genres during the program.

(Above, left) Tristen Sledge performed her version of Adele's *Rumor Has It*. (Above, right) Payton Ogletree is smiling on stage in one of her down moments.

Kiel Jackson and Ivannah Campbell shared a duet, and both performers did an excellent job.

Teronie Watson, Darius Lee, Allyson Dawson, and Kierra Redd were actors in a one-act play performance.

Cecilia Aguilar and Luis Medina enjoy performing in front of big crowd. "It's very important that our community know about diversity. Our favorite part is being able to bring our own culture to the mix."

The Men's Choir blew the crowd away with their spectacular performance.

1. JROTC is practicing backstage.

2. Keona Livatt, Candler Campbell, and Caitlyn Hicks are onstage performing *Where is the Love* by The Black Eyed Peas in sign language.

3. Mrs. Martin and Mr. Hancock are very focused on their sign language performance of *Don't Stop Believing*, while Mrs. Collins is happily goofing off on the side.

# Student Ambassadors

The PCHS Family would like to welcome you to  
**THE TROJAN  
 NEW TECHNOLOGY ACADEMIES**  
**Peach County High School**

Student Ambassadors is a new organization here at PCHS. They are a group of students that use leadership skills and direction for the student body and community. They represent the opinions of the students by showing a professional side that the faculty usually may not see. They participate in various activities around the school and community, such as leading campus tours, offering assistance during curriculum night, and motivating students to become more involved in school. The primary purpose of Student Ambassadors is to provide a professional representation of our Trojans.

**Advisor  
 Mrs. Caldwell**

Mrs. Caldwell has been working in education since 2001, and came to Peach County High in November of 2012. In November, she attended a workshop with schools that had programs similar to student ambassadors. The other schools recommended the program in order to increase the schools positive atmosphere, so the idea was brought back to PCHS. Her favorite part of being an advisor is getting to showcase

to the school and community that PCHS has positive and excellent students. Mrs. Caldwell has a Bachelor of Science in Education and is working on a Master's degree in School Counseling. Her favorite part of working with high school students is showing them the different things they can do after graduation.

We're OUT!

STRIKE XXX

Baseball is America's pastime. It is a fun, fast paced sport that requires endurance and skill. The players at Peach County are very dedicated and work extremely hard to achieve their goals on and off the field.

First step: Hit the ball. Second step: Run! Running bases not only takes speed, it takes strategy. Players have to know when and if to take off, how fast to run, and if they need to go back.

Coach Bailey and Coach Barker discuss strategy, time to make the next move. (Below) Meanwhile Coach Johnson makes sure Oba Rashidi, Grant Perry and Clint Ford make the right power move.

Catching the ball could be the difference between getting a player out and letting the other team score a point.

These players are ready for anything. If the ball comes toward them, they will catch it. (Below) Ryan Sharpe waits patiently in his "golden glove" stance.

A little dirt never hurt anyone, especially not these baseball players.

Practice makes perfect, and this player is practicing his batting skills during the game.

Hitting, Pitching, and Catching takes sheer determination and focus and we have mastered them all.

This is Coach Dallas Smith's first year as head coach of both the boys and the girls tennis teams. He thinks hard work, dedication and a good personality make a good player. "Coming out to practice everyday and seeing the kids improving has to be the best part," says Smith. "The team is very strong and we work very hard to get to where we are today." Although Smith believes in hard work, he thinks having fun is also a key component. "Just have fun," says Smith.

Coach David Hill is a volunteer coach for the girls tennis team. He's been playing tennis for many years. "My favorite part is seeing the kids improve. Tennis is fun, and I try and help the kids see that, while also helping to improve their game," said Hill. "The game of tennis is a sport you can play no matter how old you are." Hill makes it a point to attend every match whether it is away or at home to support Coach Smith and the boys and girls team. He holds extra volunteer practice on the weekends and believes anyone can be successful if they're willing to put in the work it takes to get there.

# Future Farmers of America

The Future Farmers of America, otherwise known as FFA, is an organization that gives agriculture related oppourtunities to students, leadership and life skills, as well as how to succeed in agriculture. If one wants to join FFA, you just talk to a certain member and pay the fee, but if you are already in an agriculture class, you're already in it. Things they have done recently are petting zoos, rabbit and cow shows. and archery.

The "KINGS", an organization, under the leadership of Mr. Bernard Young, is about empowering young men to become better adults and maximize their potential. To join the Kings, all you have to do is show interest, and have a GPA of at least 2.5. Many of the things that the KINGS do include community service projects and character building workshops. It is a remarkable way to make a difference in your community and in the world.

# Student Government Association

## What is SGA?

SGA (Student Government Association) helps students master their skills of leadership, public speaking, and allows students to have a voice within the administration of our school. Thanks to Ms. Howard's guidance, the association is up and running in Peach County High School. All of the upperclassmen have a; President, Vice President, Secretary, Treasurer and Parliamentarian. The Juniors did not select a parliamentarian this year; however, all other classes chose their class officers and each have been busy at work trying to make the voices of the fellow student body heard!

"How do you spell her name?"

"Oh my goodness, I just finished this page."

"Micah and Allyson!!!!"

"E-Y, not E-O." Yearbook last night"

"Pages down!"

"You guys!"

"Mrs. Bobbitt, where is the yearbook?"

"Really?" "There's a sign on the door! It says knock."

"Mrs. Bobbitt, where's your jump drive?"

"Y'all, I'm in my bubble right now."

"Someone knocked our sign down again..."

"10 minutes!"

"Alexis, did you put the pictures up already?"

"**DEADLINE!!**"

"Why aren't these pictures tagged?"

Camera shy? Not at all!!! At least not when she's looking through lens of her Canon camera, a gift she cherishes from her parents! Alexis McGhee has been on the PCHS yearbook staff for the past three years and has shown unwavering dedication throughout.

She takes her personal time and stands on the sidelines of concerts, plays and sporting events trying to get the perfect shot. She braves elements from weather to 200 pound linemen (Yes, she made 13 WMAZ news for almost getting tackled trying to take pictures). Did she leave the game? NOPE! She has done everything you could ask of a student and that is to take her learned skills and advance them toward lifelong success. Alexis has been accepted to the Art Institute of Atlanta for her photography. One of her pictures was chosen to be displayed in the new Peach Regional Hospital. We are proud of you, Alexis....We could not have made it without you!

This year, the symphonic band played professional level music, and recieved superior ratings on every performance. The students put in a lot of hard work to achieve their goals, and the proof of this is in the quality of their music. Whether it is Marching, Symphonic, or Jazz, no one can deny that Peach County has the best band in the land. Hard work, high goals, dedication, and good leaders are what make the bands as strong as they are today.

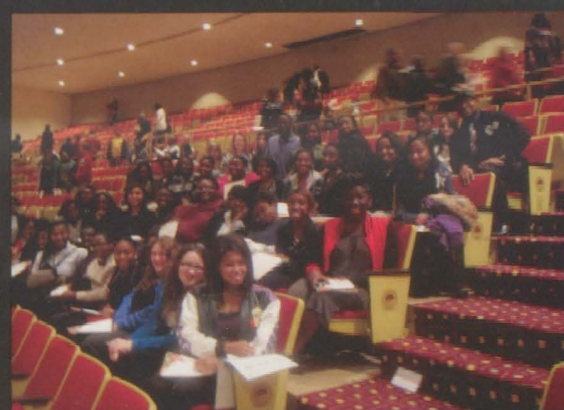

*Nothing is really lost to us as long as we remember it.*

# *The Voices Behind the Harmony*

Chorus has been very active this year. Separately as the Men's and Women's Ensembles and together as a complete chorus, they have done great this year. Harmonizing isn't easy, but the advisor, Mr. Marshall, seems to know exactly what to do. Duets, trios, quartets; they have done it all.

This year, the Drama Club had a new advisor: Mrs. Jennifer Boyd-Purvis. She has worked hard with this group of Thespians, and together they have accomplished many things. Phenomenal plays were written by students like Haley Giddens and Charles Rodriguez. Every performance received a well deserved standing ovation. Although under new leadership for the first time, this Thespian Troupe continued on in their winning Trojan Traditions.

# 2013 Yearbook Dedication

## Mrs. Debra Howard

The Senior yearbook staff has spoken and has decided that the deserving member of the Peach County High staff to which they will dedicate all of their hard work, is none other than Mrs. Debra Howard. She is an integral part of the custodial staff of PCHS and a part of the family as a whole. Her bright smile and pleasant attitude is what distinguishes her. She loves to talk and to help others. One of her favorite quotes is, "The truth will set you free!". She has been happily married for 40 years and is the mother of four and grandmother of seven. Who is her role model? Maya Angelou, well Mrs. Debra Howard YOU are our role model. Thank you for being a wonderful part of our PCHS family!

# Honestly... We Never Left!

*"Trojans aren't made...they're born!"*

Normally, when faculty and staff who graduated from Peach County are asked if their future turned out how they thought it would, the answer is "No!". Although some wanted nothing more than to return to their alma mater, others did not see themselves working at Peach County High School. It is not a decision they regret. Most of the employees that are PCHS graduates realized how much they could help the Peach County community by returning and working in the school system. There is always room for improvement, and these employees recognized that. It is their goal to help students see that nothing is impossible. Sometimes, there are students who do not receive the opportunities that others do, and for those students to see successful people who were once walking in their shoes can be a real eye opener. No matter what year they graduated from Peach County High, every person has two things in common: the Trojan Tradition and the Trojan Family. A network of pride, a network of support, and a network of friends surrounds Trojans, wherever they may be.

Our very own Mrs. Angelle Whittington is not only a graduate of Peach County High School, but the reigning 1991 Class Salutatorian, a position she holds with all the humility one could ask. Her intellectual superiority afforded her the opportunity to receive over \$150,000 in scholarship awards and attend Georgia Tech where she received a degree in Chemical Engineering. Destined to share her gift with the community she grew up in, she returned to Peach County High School and has been a Math teacher here for the past five years. We are proud to say that Mrs. Whittington was not discouraged in her pursuit of her dreams and her rewards have manifested into the love and respect of our Trojan family. We "SALUTE" you Mrs. Whittington!

# The Life we Live

*What is the worst part of high school?... WORK!!! At least that is what one might think, but once in a while work can be fun, engaging and inspirational. Reflecting on your high school journey must include the sacrifices you have made in the classroom...*

We work hard for the recognition of being a distinguished graduate of "The Peach County High School". As the season of final assessments is in full swing, we must take time to prioritize and focus on what is the foundation to our high school career... academics. Who wants to work? It is the necessary evil that we all must endure, so why not enjoy what you do! Teachers strive to make it fun for us; therefore, we must take the opportunity to thank them by doing our best. Effort breeds success...so the very least you can do is try! Who knows, you just make get it right. The only way to fail, is to not try at all!

"If you are reading this, you have **LEARNED** and know the power it holds. If you **UNDERSTAND** this, you have been **INSPIRED** and will seek to learn more."

-Anonymous

**LEARN, UNDERSTAND, INSPIRE**

"Learning is exploration. When you leave on that path
